### EXAMINER'S COMMENT

Claims 1-7 and 9-40 are allowed over the prior art of record.

Applicant's amendment filed 26 May 2005 (cert. of mail date) has overcome the claim objection(s) and rejections (including rejections under 35 USC §103 and double patenting) indicated in the Office action mailed 21 March 2005.

Applicant had amended claim 1 to include all the limitations of claim 8 (now canceled), in which claim 8 was indicated as being allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. The allowable limitations of claim 8 are directed to *wherein the outer thread diameter of the bolts is larger than a diameter of the fastener opening on the sealing member*. The prior Office action indicated allowance and stated a reason's for claims 17 through 31. New claims 32 through 40 also incorporate the allowable claimed limitations similar to claim 8 wherein *the bolts having threads defining an outer thread diameter greater than a first diameter defined by the fasten opening of the sealing member*.
